

UNIQUE, NATURAL PROSTATE SUPPORT OVER 200 PEER-REVIEWED STUDIES

PERQUE

PROST8 VITALITY GUARD:

POTENT NUTRITIONAL REPAIR AND PROTECTION

PROST8 VITALITY GUARD

NEED FOR PROST8 VITALITY GUARD

PERQUE Prost8 Vitality Guard is an essential supplement for any man over age 40. This formula provides potent, natural support for prostate function.

Prost8 Vitality Guard is the first and only prostate formula to combine the following six scientifically validated, synergistic herbs and nutrients:

1) **Saw palmetto (*Serenoa repens*)** is the most extensively studied herb for prostate function. The saw palmetto in **Prost8 Vitality Guard** provides 85% to 95% active fatty acids from the oil of the saw palmetto berry. It is the most active saw palmetto available.

2) **Pygeum (*Pygeum africanum*)** has also been scientifically substantiated to benefit prostate health. **Prost8 Vitality Guard** combines pygeum with saw palmetto berry for powerful, synergistic prostate support.

3) **Lycopene**, a super potency antioxidant carotenoid, is specifically recommended for healthy prostate function. This formula provides **a full 12 mg. of fully bioavailable lycopene**. In contrast, other

prostate products offer a lycopene complex that is only 2% to 3% active. This makes **PERQUE Prost8 Vitality Guard** lycopene equivalent to 300 mg. of other formulas of lycopene.

4) **Nettle (*Urtica dioica*)** contains vitamin C, iron, and other prostate-supportive nutrients.

5) **Linoleic Acid** is an essential polyunsaturated, omega 6 fatty acid found in pumpkin seed oil.

6) **Linolenic Acid** is an essential polyunsaturated, omega 3 fatty acid found in pumpkin seed oil.

The synergy of these six prostate vitality factors brings effective results in just a few days. In contrast, other formulas proudly proclaim that in just three to four months you can expect to feel results.

PROST8 DIFFERENCE

This vegetarian, hypoallergenic formula provides six prostate-nourishing compounds in their most active, beneficial forms. This synergized combination sets **Prost8 Vitality Guard** apart from any other prostate formula available.

FOUR SOFTGELS PROVIDE:

6 Energized, Prostate Health Nutrients

- **Serenoa repens** 320 mg.
(Saw palmetto - 85%-95% energized fatty acids)
- **Pygeum africanum** (extract) 120 mg.
(Pygeum - 13%-14% beta sitosterols)
- **Lycopene** (pure, free, bioactive) 12 mg.
- **Urtica dioica root** (stinging nettle) 40 mg.
- **Pumpkin seed oil** 665 mg.
- **Palmitic** 613 mcg.
- **Stearic** 307 mcg.
- **Oleic** 1,481 mcg.

- **Linoleic** (essential fatty acid).....2,963 mcg.
- **Linolenic** (essential fatty acid) 53 mcg.
- **Glycerine** (vegetable) 233 mg.
- **Carob extract** 72 mg.
- **Beeswax** 72 mg.
- **Lecithin** (rice) 29 mg.
- **Titanium dioxide** (soluble) 11 mg.
- **Kosher gelatin** 418 mg.

Typical Dosage

Take four (4) softgels daily with meals or as directed by your health professional.

Available in bottles of 100 softgels.

Note: Many clinicians find that because of the synergy of the forms in **PERQUE Prost8 Vitality Guard** three (3) capsules may be sufficient.

SAW PALMETTO TRIALS SHOW RESULTS

A clinical trial explored the impact of saw palmetto berry extract on benign prostatic hyperplasia (BPH). Eighty-nine urologists enrolled BPH patients between the ages of 41 and 89.

Of the 315 patients who took 160 mg. of saw palmetto extract twice a day for three years, most reported substantial benefit.

At the end of the study, 75% of the patients reported improvements in nocturia and the sensation of incomplete voiding. Most patients experienced some relief within just six months. Over 80% of the patients and physicians reported that the effectiveness and tolerance of the herbal treatment was “good” or “very good.”

Typically, BPH patients experience a 24% to 58% deterioration of prostate function over two to five years. However, in this study, the deterioration rate was only 13.6%.

The sterols in saw palmetto berry neutralize harmful testosterone metabolites, which is beneficial for BPH patients.
